A NOTE TO MEMBERS

*This year, the Deepavali program will start at 2:00 pm due to two main reasons – (i) high interest shown by many members and their children to take part in the cultural program segment and (ii) the extended period of time that might be required to conduct the annual general meeting which includes the review of the proposals for amendments to the constitution, in addition to the normal business and elections.*

*A tentative program schedule is provided below. Details of this event will be emailed to members shortly. Program information will also be posted online at VKK's website.*
